NEWSLETTER — October & November 2018

Indonesia; Island of Timor: On the way to Malacca we stopped at a very poor village to serve people.

Dearly beloved Family, Partners & Friends!

2018 was for the books! Thank you for being part of changing lives globally!

Reported by Kitty & Natalie

Today I would like to share with you, what the grace of God enabled us to accomplish around the world during this year.

God sent us to Indonesia:

In June my best friend of over 15 years, Pastor and Interpreter Ita Utumo was called to heaven. Sudden Cardiac Arrest. Together we held Pastors Training and Empowerment seminars in Borneo and Kalimantan. We also did itinerant ministries on the island of Java and I preached on the Islands of Timor and Sumatra. During my time in Indonesia, three churches were bombed simultaneously on a Sunday morning in Surabaya, the nations second largest city. As terrorism and persecution are on the rise, the Glory of God is more so. He confirmed His Word with signs and wonders in all meetings we held and drew many unto Himself.

Timor/ Central Java

Pastor Angie Ho and I preached in several churches and God worked great miracle healings. One evening a 17 year old Muslim girl was brought to church. She had crippled legs and could not walk without help. In tears, she said that Jesus had visited her and said He will heal her. After prayer she started walking without help. At first slowly and then she was running in front of all. Glory to God! We also prayed for Christian. One year ago he had fallen from a

roof top and suffered headaches ever since. He told us after prayer all pain, dizziness and vertigo had left.

Germany: Jesus was present to deliver, heal, impart hope, encouragement and gifts to release fresh revelation. It is exciting to experience and to hear testimonies how The Word of God has changed lives. The tangible, ever-increasing presence, glory and power of God are causing the church to grow spiritually and numerically.

California, First Nations Tribal meetings: The Genuine worship with hand crafted drums and special instruments of Native origin was out of this world in the meetings at the Pachange and Seboha Reservations in Southern California.

Peru

The Lord continues to open doors for teaching the Full Gospel in public schools of the Aguaruna tribe. Most children and teens are baptized with the Holy Spirit.

Our assignments in the tribal villages are diverse. From teaching basic life skills to discipleship- and leadership training. Many hundreds received salvation and were filled with the Holy Spirit this year. Parents seeing the transformation of their children asked for Bible classes at night.

On the other hand we were forced to close the Bible School, which we had established in the tribal village Shampuyacu 18 years ago. Our financial support dropped. Ours was the first Bible school in Peru, built in an Indigenous First Nations Reservation. Thousands of children received Christ and were taught by our loving- and dedicated teams. Hundreds received the Baptism with the

German family who's children were delivered after suffering nightmares for years.

Java: Christian healed after one year full of several pain in the head.

Holy Spirit, were transformed and equipped by Him to face the world. For the first time some children who attend the Bible School became professionals. Two of our teachers, who were living in the now empty school building, needed to find—and pay for—a different place to live. They joined pastor Walter and Luise in the city of Chiriacu. Leaving the Bible School has caused much pain to us, the children and their families. Another point is that the building is standing on tribal land. It cannot be sold by us.

Indonesia: Methodist youth home-fellowship.

To reach distant villages for Jesus, our teams set out by boat, from the city of Chiriaco. Then they have to climb very steep hills in the jungle to get to places like Alto Pakuy where the Gospel had never been preached. Leaders of public schools invited us to teach the Bible in the classes every day. They also requested that Letty Berrocal, Director of Ajamat Association, -financed by KHM-, to train all Indigenous Native public school teachers in the Word of God. What a privilege! This is certainly keeping our vision beyond ourselves.

DRC Congo

I was hindered from traveling to the Congo this year, due to the fact that a dangerous former coworker, who has escaped prison, is after my life. The work at our Center where God restores victims of rape, is progressing well under the leadership of Sister Jeannine and her husband Paulin.

One example of the fruitfulness of our ministry is Mireille. At age of 18 she was raped and then ridiculed by her neighbor. She did not dare to return home. Overwhelmed by shame, confusion and hopelessness Mireille came to our center. God miraculously restored her as well as the hundreds of other abuse victims, -students like herself-, she brought in. Those who did not know God, received the Lord personally. The Holy Spirit became their helper. He consoled and gave them purpose and identity in God. Mireille, the once confused and helpless girl received courage to move on to study at the university. After graduation, she got a very well paid job with a major aids organization, is married, has two children and is at present part of a team fighting Ebola. God deserves the honor of being faithful to His word. John 10,10 says, "Jesus came to give us abundant life". Mireille is truly an example of God's love, power and goodness.

Malaysia: We are so thankful about the expansion of God's Kingdom in this model Islamic nation. Despite persecution, the Joy of the Lord has released wonderful testimonies in the growing congregations.

Heart felt thanks to those of you who were able to send us out with your prayer and financial support. May God's best be yours always. His promise for those who give:

"And God is able to make all grace abound toward you, that you, always having all sufficiency in all things, may have an abundance for every good work." 2 Corinthians 9:8

Abundant blessings,
In the Be-loved, your missionary
