DEAR ONES, SHALOM!

Greeting from the Rain forests in Peru!

On my way from Lima to the jungles area of San Martin (Fore Andes) I was comforted to see how God is bringing help for the many who were bereft and left homeless after the catastrophic inundations earlier this year. Rebuilding of communication networks, roads and homes is in progress.

What are we confronted with?

As you can see the jungle paths are challenging and more so our accommodations, - food and sources of water. Our "beds" consist of wooden planks, thin foam rubber mattresses and mosquito nets in a make shift, open "tent" attached to the church building. KHM and private individuals paid for much of the construction of this brick building.

Why are we going there?

We are privileged to bring the Lord Jesus to the Indigenous Aguaruna native tribal people in Peru. It is our heavenly Father's deepest desire to get these hidden, precious and much neglected people on the way to total wholeness. We bring the Good News of God's Kingdom in demonstration of His love. In the power of the Holy Spirit we teach, exhort and empower them to grow into their God given destiny. It is time for the First Nations to arise and shine.

As we ministered all experienced what Joel prophesied. Acts 2:16-18

THANK YOU FOR YOUR STEADFAST, LOVING COMMITMENT IN SENDING US.

With these photos I would like to show you how YOU, dear partners and friends, have enable us, to reach five remote indigenous villages in the Fore Andean jungles on this challenging mission. Thank you for your partnership.

WHAT COMES NEXT?

We need your continued prayers to go through many different storms. I returning from Korea Tue eve., I will leave for Peru Wednesday 8th.

As you invest in native evangelism I pray the favor of God will overwhelm - and overtake you.

God bless you all!

In the Be-loved your missionaries

Kitty, Letty Berrocal (head of Ajamat Org. and director of KHM) as well as our coworkers in Peru

The church, the only brick building in the village Nuevo Progreso, has a concrete floor. It was constructed with your prayers and donations. Now the neighboring villages also hope to have such a “noble” church building.
